Local Briefs.

—U. G. Desportes has just received one carload of "Old Hickory Wagons." Call and examine them.

—Mr. Alex. Deekham's new house is being painted, and it will soon be ready for him to move into.

—Johnnie Walker, the going book agent, left town on Friday. He has done very well in Winnabow.

—There was a meeting of the business agents of all the Sub-Alliances in the Town Hall on Friday afternoon.

—The down passenger train on Thursday was over four hours behind time. And on Friday, two hours.

—Our two young devils having been duly initiated, are making rapid strides towards becoming journeymen.

—The store of S. S. Wolfe will be closed on the 26th inst. No business will be transacted on that day.

S. S. WOLFE.

—We are happy to hear that Major Macon who was attacked with a nervous chill some days ago, is getting all right again.

—The drays are kept pretty busy now hauling the large quantity of goods that are arriving on every train from the North.

—In spite of the rainy weather Wednesday morning, a large crowd of country people came in to hear the Broom case tried.

—Winnabow is paying higher prices for cotton than any other place in the up country. This has continued since the season began.

—Governor Richardson has pardoned Alfred Cason, a colored man convicted of perjury in Fairfield at the September term of Court, 1887.

—Major Pagan says that on Wednesday night it only lacked one degree of being cold enough for frost. This is certainly curious weather for September.

—There were 360 bales of the "Fleecy Staple" received at the freight depot last week. This is an increase of 108 bales over the receipts of the week preceding.

—The engine, which is to run the gin and cotton press at the oil mill, was put in position Saturday, and it is expected that they will commence to gin in a few days.

—The large number of country people in town Saturday and the large amount of trading they did is an unmistakable sign that the heavy fall trade has commenced.

—The chief attraction on our streets Thursday, was an itinerant merchant, who we will venture to say had about as much "gas" as any man of his size that has been in these parts lately.

—On town as usual has been remarkably healthy during the summer. Keep up the good health of the town by keeping your premises and your hox pens especially in a clean condition.

—When we say that our cotton market is ahead of any other one in the State on prices we speak the truth. Compare our quotations with those of any other market, and see that the Winnabow prices are the highest.

—There are still two vacant offices in town, and we would like to have the Alliance men from Chester and Richmond occupy them. There is room for all in Winnabow. Plenty of cotton buyers and plenty of goods sellers.

—The next regular teachers examination will take place on October 4th. The examination is upon the common school branches—physiology and pedagogics. See the advertisement for further particulars upon this subject.

—An old colored woman from the country, walked into the telegraph office recently and asked Mr. S. if it was not a tailor shop. She heard the instruments clicking and thought they were sewing machines. The above is straight.

—Gray hair is made to resume its youthful color and beauty by the use of Hall's Vegetable Sulfur Hair Renewer, the best preparation known to science.

—Mr. H. Landecker, the proprietor of the New York Racket Store, has returned from the North fully prepared for the fall trade. He has purchased a large stock of goods, and is determined to sell them at the lowest prices. Read his advertisement and see what he says, then give him a call.

—The bricks for the cotton mill are being made very rapidly. The yard where they are made is just adjoining the south eastern corner of the park. The clay is different from that used in making those out of which the oil mill is being built, and it is said that of the two kinds, those for the factory are the better.

—Messrs. Caldwell & Ruff extend an invitation to the public to give them a call and inspect the large stock of fall and winter goods daily arriving from the North. They have everything that is to be found in a real first class dry goods store, and they can compete in prices with anybody. A large advertisement in our next issue.

—Messrs. J. M. Beatty & Bro. will in a few days open a grocery store in which they will carry a full line of fancy and staple groceries. They invite the people of the town and country to come and see their goods at a find out their prices, both of which will be perfectly satisfactory. They call the attention of the A. A. men to the fact that they have a few men of pie straw bagging for sale, and if it pleases them they will order more. Big advertisement in next issue.

—There seems to be some misunderstanding as to the time the law permits the killing of game. First, the Gun Club gave warning that any person caught shooting birds before the 15th of October, would be prosecuted by them. Then, as a joke upon the Gun Club, an "old gunner" inserted a notice to the effect that if the Club or any of the members of it were caught shooting before the 1st of November, they would be prosecuted. The gun club is slightly off as to the date the game law expires. The 1st of November, the date stated in the second warning, is correct.

—When symptoms of malaria appear, in any form, take Ayer's Sarsaparilla. It will prevent a development of the germs of disease, and eradicate them from the system. A cure is warranted in every instance. The date stated in the second warning, is correct.

—The Board of Trade has asked the County Alliance to accept an office in the bank building for the use of their cotton buyers, who will locate here about the first of October, and it is hoped that the Alliance will accept. The addition of the Alliance buyers will tend to make this point, if possible, a still better cotton market and everybody will do well to sell their cotton here. Our retail merchants are determined to keep up, and are marking their large stocks down at bottom prices. So for both selling and buying you can't beat Winnabow. We are not blowing, but mean what we say. Come and see if you don't believe us.

A FREAK.—Cesar Blake brought to our office Saturday a piece of sweet potato vine with two clusters of buds and several blooms upon it. This seems to be a freak of nature as sweet potato vines are not generally in the habit of blooming.

BASE BALL.—Last Thursday the Union Base Ball Club, of this county, played a game of ball in Maybinton, Newberry County, with the club of that place. The game was a close one, but Fairfield's boys were the winners by a score of 15 to 18.

—We have received the following telegram, which explains itself:

NEW YORK, 19 Sept., 1889.

News and Herald: Notice that we will open our fancy grocery stock in north end of our Corner Store on or about 23rd. Best goods at lowest prices. J. M. BEATTY & BRO.

DEATH.—Mrs. Moses Mackorell, a sister of Messrs. J. D. and R. J. McCauley, of our town, died at her home near Blackstock at 6 o'clock on Thursday afternoon. Mrs. Mackorell has been a widow for a good many years. She leaves several children and many friends and relatives to mourn her loss.

BEST COTTON MARKET.—If you want to get what your cotton is worth, bring it to Winnabow, our buyers are paying more for it than any other inland town. On the same day that Simon Brown bought the block of Alliance cotton in Blackville for 10.25, over which so much has been said, cotton sold in Winnabow for 10.45.

Syrup of Figs.—Produced from the laxative and nutritious juice of California figs, combined with the medicinal virtues of plants known to be most beneficial to the human system, acts gently, on the kidneys, liver and bowels, effectually cleansing the system, dispelling colds and headaches, and curing habitual constipation.

A CUTTING AFFRAY AT GLADDEN'S GROVE.—Near the house of Mr. W. S. Hall, on last Friday, Willie Mayfield and Dick Adams, both colored, got into a fight, which resulted in the latter's receiving a very severe cut in the left arm. But for the intervention of third parties, it might have resulted in the death of Adams. The cut came near reaching the brachial artery.

THE DANCE.—It has been decided to have the dance on Wednesday night, the 24th inst. The same band which furnished music for the last German fair has been ordered for this occasion. It is doubtful whether the German will be danced at all as it is to be what is generally known as an old time "break down". A large crowd is expected to be out, and the young men are exerting themselves to make it a complete success.

NOTICE.—Gentlemen of the several churches in town, who are interested in Sabbath School work, are earnestly invited to attend a meeting in the Court House on Monday, the 30th inst., at 4 o'clock p. m., to consider the matter of organizing a County Sabbath School Convention.

REV. D. E. JORDAN, W. H. WITHEROW, JOHN BOYD, R. H. JENNINGS.

COTTON HIGHER AND GOODS AS CHEAP.—Two gentlemen from this County started from their homes one day last week with cotton, one went to Columbia and the other came to Winnabow. The one who sold in Winnabow got better prices for the cotton and made purchases just as cheap as the other did. On Saturday the Columbia man brought in his first load to this market for fifteen years and was well pleased with his day's work and will return.

NOTICE.—The Fairfield Baptist Association will hold its next meeting with Rock Creek Church on the Thursday before the second Sunday in October. A statistical blank will be found in the back of the minutes of the last meeting of the Association. Clerks of churches will please take notice and govern themselves accordingly. We hope that all the churches will be represented, as business of importance will come up before the meeting.

JOHN BOYD, Clerk Fairfield Association.

A HANDSOME PRESENT.—A handsome battle axe, made of one of the steel rivets of the U. S. cruiser, "Charleston" was presented to the State of South Carolina by Mr. P. Noble, Superintendent Pacific Rolling Mills, where the steel was manufactured, and Geo. M. Stoney, Lieutenant U. S. Navy and Steel Inspector. Mr. Noble is a son of the late Edward Noble, of Abbeville, but who spent the last year of his life in Fairfield. He is a nephew of Gen. Jno. Bratton, of Fairfield. Lieut. Stoney is a brother of Rev. Mr. Stoney of Camden.

REV. MR. PITTMAN TO LEAVE.—On last Sunday, Rev. A. Mc. A. Pittman, pastor of the Baptist Church, announced to his congregation his decision to sever his connection with the church here, but it is his intention to remain in town until the end of the present year when he will move to his home on Wateree Creek. He purposes to serve the different country churches when he has the opportunity. His going will be a great loss to the Baptist congregation and to the whole town. He has made many warm friends in Winnabow, whose best wishes follow him to his new field of work.

RESOLUTION OF OAKLAND ALLIANCE.

To the Editor of The News and Herald.

I am instructed by Oakland Alliance, 402, to send the following resolution, passed at its meeting on the 24th ult., for publication in the Fairfield News and Herald. Of course it is not intended to apply where the farmer knowingly purchases 92 pounds of meal for two bushels:

Whereas, it has been brought to the attention of this Alliance that some merchants are selling 92 pounds of meal for two bushels; therefore, be it

Resolved by this Alliance, that the name of any merchant discovered to be so offending shall be published in our County paper.

W. S. DUNHAM, Secretary Oakland Alliance, 402.

COURT PROCEEDINGS.

Tuesday.

The Solicitor on Tuesday morning announced that no further bills were to be submitted to the grand jury, and they were instructed by his Honor Judge Pressley to proceed to the performance of their other duties. The following is their presentment:

To His Honor Judge Pressley:

The grand jury for the present term beg leave to submit the following report:

That we have disposed of all bills placed in our hands.

That we find the County jail has been properly repaired and made amply secure, and that the debtor's room has been furnished with suitable furniture, all of which was recommended by the jury at the last term of Court.

All the prisoners are comfortably fixed and no complaint from any of them.

The County poor-house has been examined and all the inmates are properly cared for.

We have examined the books of the Coroner and find he has entered all cases properly, which was not the case at the last term, owing to the fact that attorneys would procure his notes for the purpose of obtaining bail in murder cases and they were not returned to the Coroner promptly, hence he had no record. We find at this term that he has all cases properly recorded up to date.

We desire to call the attention of your honor to the fact that we have in some instances reported directly to the grand jury certain persons for living in adultery, and that no action was taken. The reason given by the justices was that no one would make the affidavit, and it was stated that affidavit was placed in their hands. We ask your honor for his advice in this matter and also solicit the co-operation of our representatives.

The roads and bridges are in general good condition. We recommend to the County Commissioners that they purchase a piece of land and charge the road on a hill between the three and four mile points, near the residence of Capt. Thos. Jordan, on the Monticello road.

We present one Lemuel Sharpe for living in adultery with Virginia Torrence. Said Lemuel Sharpe is reported to us having lived in adultery with said Virginia Torrence for several years, has raised a family of children by said woman, and is lawfully married to another woman. We report gives as witnesses J. A. Glenn, Jno. C. Williams, W. S. Perry, Elliott Kennedy, Rufus Abbott, and W. D. Evans.

Thanking your Honor for his courtesy at this term, we respectfully submit the above.

Thos. P. LIOUX, Foreman.

Only two cases were disposed of on Tuesday.

The first case tried was the case of the State vs. Jones Mobley, assault and battery with intent to kill. The jury were out about four hours, and having reported their inability to arrive at a verdict, a mistrial was ordered. Messrs. Ragsdale & Ragsdale and J. G. Mobley represented the defence.

The next case was the State vs. Abram Steele, murder. Verdict—"Not guilty." Messrs. Ragsdale & Ragsdale and C. A. Douglass for the defence.

Wednesday.

On Wednesday morning, the case of the State vs. G. W. Broom, indicted for murder of R. B. Christmas was taken up. This case has excited a great deal of public interest. The testimony was very voluminous, and it did not vary to any great extent from the account of the killing published in this paper a few days after the occurrence we shall not now attempt to reproduce the material facts. After an argument of about an hour and ten minutes by O. W. Buchanan Esq. and an hour's speech by Solicitor McDonald, the case was given to the jury under the charge of the presiding Judge. The jury, after being out for some time, returned a verdict of "Not Guilty."

After this case the State vs. Squire Wicker, for Assault and battery, was begun. Sanders, Hanchan & Cathcart for the defence. Verdict—"Guilty."

Thursday.

The case of the State vs. W. J. Her-
